

OPW 10R 2" SERIES

OPW 10R 2" emergency shut-off valves features a full 2" port to increase the flow of product from the underground tank to the dispenser. It features a secondary poppet that upon the loss of pumping pressure, the poppet closes, limiting spillage from the dispenser and reducing a likelihood of a potentially hazardous condition.

Materials:
 Top: cast iron
 Body: cast iron
 Disc: M-19
 Carrier: plated steel
 Stem: copper-nickel-chrome plated brass
 Poppet spring: stainless steel
 Seal: M-19 o-ring
 Packing nut: brass, Teflon® coated I.D.
 Inlet and outlet threaded 2" NPT
