

## Revolutionary Challenger

**MODEL T/S - 100 ST  
SYSTEM-6**

**150 WSP; 600 WOG**

- 100% full port
- Double viton o-ring to prevent leakage
- Quality engineered product with built in multipurpose features, which include an actuator pad, side-tap and a 150 WSP/600 WOG rated valve. This allows you to reduce your inventory and increase your number of turns, resulting in an automatic increase of your profits at year end.
- Sizes 1/2" - 2"

## Safety Valves

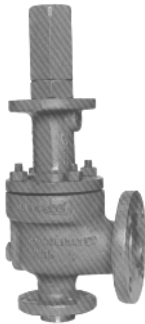

**PROCESS/SAFETY-RELIEF VALVE-FLANGED**

*Features*

ASME-NB

- Sizes 1" - 12"
- Plain cap, open test lever and packed test lever
- Stainless steel or special alloy trim
- For process and general service industries
- C.S. or specially alloy bodies
- All stainless
- O Ring Seat
- Balance Seal

**TXT 7100/77100**

**PROCESS/SAFETY-RELIEF VALVE-SCREWED**

*Features*

ASME-NB

- Sizes 1/4" - 2"
- Plain cap, open test lever and packed test lever
- Stainless steel or special alloy trim
- For process and general service industries
- All stainless
- O Ring Seat
- Special Connections  
Flanged  
Butt Weld  
socket Weld

**FB/6010**

**PORTABLE BRONZE SAFETY VALVE**

*Features*

ASME-NB

- Sizes 1/4" - 3"
- Steam or air services
- Plain cap or test lever
- Side outlet
- Bronze or stainless steel trim
- Soft seat
- Cryogenic
